Avenue Road  
Lymington SO41 9ZG

Dear Emma,

### **Application 15/00045: AMBERSLADE BOTTOM & BROOMY INCLOSURE Wetland Restoration**

1. New Forest Association (NFA) supports this application.
2. NFA congratulates the applicant in the thorough investigation into the works proposed and the consultations undertaken. NFA fully support these proposals, in particular the use of shallow fords rather than bridges. NFA consider fords to be safer cheaper and have less impact on the landscape.

Yours sincerely,

A handwritten signature in blue ink that reads 'Graham Baker'.

Graham Baker, NFA Planning Committee
